

VOISIN LAW

Kylie Young has joined Voisin Law LLP in the position of Head of Probate.

Kylie brings with her a wealth of experience, having been involved as a probate professional in Jersey for over 20 years. During this time Kylie has focused on both domestic and international clients, managing the testamentary and successional affairs of Jersey-based assets.

Previously Kylie has acted as the Probate and Wills manager of two large law firms based in Jersey, advising on all areas of Jersey Probate including the preparation of wills and codicils.

Kylie also has experience working alongside dispute resolution lawyers on contentious matters.

In her new role, Kylie will be working closely with our Private Client team, engaging her wide expertise, including Lasting Powers of Attorney and other capacity-based matters.

Commenting on the recent appointment, Advocate Nigel Pearmain commented “We have been pleased to secure this highly experienced wills and probate professional to join our team. As a firm that has been part of the Jersey legal landscape for over 100 years we, not surprisingly, have a substantial number of wills’ clients and Kylie brings specific weight to his area of the practice. She will be a key team member with whom Voisin Executors Limited will work to continue to manage and develop this part of the practice.”

“Kylie heads up a new team including Saoirse Barette and Francesca Vinrace who Voisin Law are also pleased to welcome at this next exciting stage of development of one of Jersey’s longest established law firms.”
