# About Jersey

Jersey is a particularly attractive location for high net worth individuals and their families who benefit from the very highest standards of living and the fiscal autonomy Jersey enjoys from the United Kingdom. The beautiful Island of Jersey offers a blend of fantastic beaches, Michelin starred restaurants and a warm micro climate. It is a first rate jurisdiction for families with excellent school systems and healthcare.

Our partners, Ian and Jeffrey will be the main point of contact throughout your relocation process and beyond. They will be on hand to answer any questions and look after you, ensuring the process runs smoothly.
